FindingID	Title	ControlArea	Condition	Criteria	RootCause	Risk	Impact	Recommendation	Owner	Priority	Status	ManagementResponse
FND-01	Excessive privilege on Finance Platform	IAM-07/IAM-13	J. Alvarez holds admin access with no approval record	Access should match approved role	Likely temporary grant never reverted	Excess privilege increases impact of error or compromise	Medium	Right-size to Analyst role or document justification	L. Bianchi	High	Open	Agree - remediation planned
FND-02	Unapproved MFA exception with SoD pattern	IAM-14/IAM-17	N. Okafor has an undocumented MFA exception and a related SoD conflict	MFA exceptions must be approved; SoD conflicts need compensating controls	Exception granted informally and never re-reviewed	Weakens authentication control and payroll SoD integrity	Medium	Formalize or revoke exception; re-confirm compensating control	HR Director	Medium	Open	Partially agree
FND-03	MFA not enforced for standard users	IAM-17	T. Whitfield and M. Fischer active without MFA or exception	MFA required for all active accounts	Inconsistent enrollment enforcement at onboarding	Increases credential-compromise risk	Medium	Enforce MFA immediately for both accounts	IT/IAM Administrator	High	Open	Agree
FND-04	Undocumented privileged access grant	IAM-07/IAM-15	D. Kapoor's Cloud Administrator access has no approval record	Privileged access requires documented approval	Recurring gap in privileged onboarding process	High-impact access without accountability trail	High	Obtain retroactive approval or revoke; fix onboarding checklist	CISO	High	Open	Agree - remediation planned
FND-05	Privileged account missing MFA and review	IAM-15/IAM-17	V. Andersen has no MFA and no review on record	Enhanced MFA and periodic review required for privileged accounts	Onboarding checklist gap	Highest-impact scenario in population - security tooling itself at risk	High	Enforce MFA immediately; complete overdue review	CISO	Critical	Open	Agree - urgent remediation
FND-06	Service account review overdue	IAM-16	svc-salesforce-sync last reviewed 2025-11-20 exceeding cadence	Semi-annual review required	Review process did not flag overdue service accounts	Unreviewed elevated-adjacent access	Low-Medium	Complete review; add to review-tracking process	P. Reyes	Medium	Open	Agree
FND-07	Contractor access without expiration	IAM-10/IAM-17	K. Novotny's access has no end date and no MFA	Contractor access must be time-bound and MFA-enforced	Access request template lacked mandatory end-date field	Standing access risk beyond engagement scope	Medium	Add expiration date; enforce MFA	S. Novak	Medium	Open	Agree - remediation planned
FND-08	Orphaned privileged service account	IAM-16	svc-ci-deploy has no owner and unknown approval status	Service accounts require named owner	Owner departed without handover	Unaccountable privileged access to production repos	High	Assign owner; obtain approval record; consider decommissioning if unused	IT/IAM Administrator	High	Open	Agree - remediation planned
FND-09	Terminated contractor retains access	IAM-09/IAM-10	E. Marsh's Salesforce access active 10 days past contract end	Access removed at contract end	Deprovisioning not triggered on contract-end date	Unauthorized access by a non-engaged party	Medium	Remove access immediately	IT/IAM Administrator	High	Open	Agree - immediate action
FND-10	Mover access not removed	IAM-08	H. Lindqvist retains old Finance Platform access after transfer to Sales	Role change should trigger access review and removal	Mover checklist step skipped	Excess access outside current role	Medium	Remove old Finance access	IT/IAM Administrator	Medium	Open	Agree
