

IAM KPI-KRI Register

Metric ID	Metric	Type	Definition	Calculation	Data Source	Owner	Frequency	Threshold	Current Value	Trend	Status	Management Action
MET-01	MFA Coverage	KPI	Percentage of active accounts with MFA enforced	MFA-enabled accounts / total active accounts × 100	MFA enrollment export	IT/IAM Administrator	Monthly	≥97%	67-92% (population dependent)	Variable	Below Threshold	Investigate non-exempt gaps; enforce MFA per FND-F3
MET-02	Access Review Completion	KPI	Percentage of scheduled reviews completed	Completed reviews / scheduled reviews × 100	Access review system	IAM/GRC Analyst	Quarterly	≥95%	96%	Stable	On Target	Verify review quality, not just completion
MET-03	JML SLA Compliance	KPI	Percentage of JML actions completed within SLA	On-time JML actions / total JML actions × 100	HRIS + provisioning logs	IT/IAM Administrator	Monthly	≥95%	94%	Improving	Near Target	Monitor deprovisioning automation rollout
MET-04	Privileged Review Coverage	KPI	Percentage of privileged accounts reviewed according to defined cadence	Reviewed privileged accounts / total privileged accounts × 100	Privileged access register	CISO	Monthly	100%	33-67%	Declining	Below Threshold	Immediate review of overdue privileged accounts
MET-05	Remediation Completion Rate	KPI	Percentage of remediation actions closed on time	Closed actions / total open actions × 100	Remediation tracker	IAM/GRC Analyst	Monthly	≥80%	0% New baseline		Below Threshold	Expected because the tracker was newly established; monitor monthly closure rate
MET-06	Average Access Request Processing Time	KPI	Mean business days from request approval to provisioning	Sum of processing days / number of requests	Provisioning system	IT/IAM Administrator	Monthly	≤3 days	2.5 days	Stable	On Target	No immediate action required
MET-07	Orphaned Account Count	KRI	Count of active accounts with no accountable owner	Manual/system reconciliation	Service account register + access review	IAM/GRC Analyst	Monthly		0 1-3	Improving	Above Threshold	Assign accountable owner per FND-F6
MET-08	Dormant Account Count	KRI	Count of active accounts unused for more than 90 days	Accounts with no activity for >90 days	Application login logs	IAM/GRC Analyst	Monthly	<5	1-5	Stable	At Threshold	Confirm continued business need with account managers
MET-09	Open SoD Conflicts	KRI	Count of unresolved segregation-of-duties conflicts without a compensating control	SoD matrix review	SoD matrix	IAM/GRC Analyst	Quarterly	0		2 Stable	Above Threshold	Escalate open SoD conflicts for committee review and treatment
MET-10	Privileged Accounts Without Current Review	KRI	Count of privileged accounts overdue against the defined review cadence	Privileged access register review	Privileged access register	CISO	Monthly	0	1-2	Stable	Above Threshold	Complete overdue privileged access reviews
MET-11	Terminated Accounts With Residual Access	KRI	Count of terminated employees or ended contractors retaining active access	HR termination log vs. access export	HRIS + access export	Weekly	0	1-2	Improving	Above Threshold	Remove residual access immediately per FND-F2	
MET-12	Open High-Risk IAM Findings	KRI	Count of unresolved High/Critical IAM findings	Findings register review	Findings register	CISO	Monthly	≤2	3	Newly Identified	Above Threshold	Committee review of FND-F1, FND-F2, and FND-F5 remediation priorities
