

NexaCore IAM Environment Registe

Identity Type	Example Population	Key Applications	Business Owner	Technical Owner	Governance Consideration
Employee	~130 across all departments	M365, Jira, Salesforce, HRIS	Dept. Managers	IT Admin	Standard JML lifecycle applies
Contractor	~10, mainly Engineering	GitHub, Cloud Environment	Engineering Manager	IT Admin	Fixed end-date; often outside SSO scope
Privileged User	~8 across IT/Eng/Finance	Cloud Environment, Finance, M365	CISO / Security Lead	IT Admin	Requires stronger MFA & periodic review
Service Account	~5 supporting integrations	GitHub, Cloud Environment	IT/IAM Administrator	IT Admin	Needs a named human owner, not just a system
